### AECOM wins Singapore metro line contract worth approximately US\$22 million

LOS ANGELES (Feb. 17, 2011) — AECOM Technology Corporation (NYSE: ACM), a leading provider of professional technical and management support services for government and commercial clients around the world, announced today that it has been awarded a detailed design contract worth approximately US\$22 million from the Singapore Land Transport Authority.

Under the contract — one of five major architectural and engineering consultancy packages related to the creation of the Thomson Line within the island nation's Mass Rapid Transit system — AECOM will design five underground stations and complete nearly four miles of route-alignment work.

"AECOM is eager to play a key role in supporting the growth of Singapore's critical transportation infrastructure," said AECOM President and Chief Executive Officer John M. Dionisio.

The metro line runs through an area with a mixture of residential and commercial buildings. The Thomson Line is scheduled for completion during 2018.

#### About AECOM

AECOM (NYSE: ACM) is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM is a leader in all of the key markets that it serves. AECOM provides a blend of global reach, local knowledge, innovation, and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural, and social environments. A *Fortune 500* company, AECOM serves clients in more than 100 countries and had revenue of \$7.0 billion during the 12 months ended Dec. 31, 2010. More information on AECOM and its services can be found at [www.aecom.com](http://www.aecom.com).

*Forward-Looking Statements: All statements in this press release other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of plans for future operations or expected revenue. Actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause actual results to differ materially from our forward-looking statements are set forth in our annual report on Form 10-Q for the fiscal quarter ended Dec. 31, 2010, and our other reports filed with the U.S. Securities and Exchange Commission. AECOM does not intend, and undertakes no obligation, to update any forward-looking statement.*
