### AECOM awarded US\$55-million contract for power plant reconstruction at Eareckson Air Station in Alaska

LOS ANGELES (Nov. 6, 2012) — AECOM Technology Corporation (NYSE: ACM), a leading global provider of professional technical and management support services for public and private clients in more than 130 countries around the world, announced today that it has been awarded a US\$55-million contract by the U.S. Air Force Civil Engineer Center (AFCEC) for power plant repairs and construction at Eareckson Air Station on Shemya Island, Alaska.

The task order is part of AECOM's indefinite-delivery, indefinite-quantity (IDIQ) contract with the AFCEC to provide worldwide design-build and construction services. The contract, which was awarded during 2008, has a contract ceiling of US\$4 billion with a basic ordering period of 60 months plus five one-year options.

AECOM will provide engineering design and construction services for the power plant repair and reconstruction project, which is slated for completion in 2015.

#### About AECOM

AECOM is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM is a leader in all of the key markets that it serves. AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural, and social environments. A *Fortune 500* company, AECOM serves clients in more than 130 countries and had revenue of \$8.3 billion during the 12 months ended June 30, 2012. More information on AECOM and its services can be found at [www.aecom.com](http://www.aecom.com).

*Forward-Looking Statements: All statements in this press release other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any projections of earnings, statements of plans for future operations or expected revenue. Actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause actual results to differ materially from our forward-looking statements are set forth in our quarterly report on Form 10-Q for the fiscal quarter ended June 30, 2012, and our other reports filed with the U.S. Securities and Exchange Commission. AECOM does not intend, and undertakes no obligation, to update any forward-looking statement.*
