

## **AECOM awarded US\$14.5-million Intelligent Transportation System contract for Florida Department of Transportation**

August 19, 2010

LOS ANGELES, Aug 19, 2010 (BUSINESS WIRE) --

AECOM Technology Corporation (NYSE: ACM), a leading provider of professional technical and management support services for government and commercial clients around the world, announced today that it has recently been awarded a US\$14.5-million contract to provide district-wide Intelligent Transportation Systems services for the Florida Department of Transportation (FDOT).

Under the five-year contract, AECOM will provide 24/7 Intelligent Transportation Systems operations and support services for Interstates 75, 95 and 595 from the Broward County Regional Transportation Management Center in Fort Lauderdale. AECOM is responsible for monitoring all video and data collection tools, including closed circuit television, speed sensors and related software, to coordinate incident management and report real-time traffic information to the public.

"AECOM is proud to support FDOT in providing innovative solutions that will improve communications with FDOT personnel and travelers in the area," said John M. Dionisio, AECOM president and chief executive officer.

The contract follows a similar five-year contract with FDOT that concluded this year. The new contract is expected to be completed during 2015.
