

## **AECOM to provide program management services for Hamad International Airport Expansion Program**

December 14, 2021

***AECOM will oversee the design and manage construction for Cargo Terminal 2 and Amiri Flight Facilities at Hamad International Airport in Doha, Qatar***

DALLAS--(BUSINESS WIRE)--Dec. 14, 2021-- AECOM (NYSE: ACM), the world's trusted infrastructure consulting firm, announced today that it has been selected to provide program management services for Cargo Terminal 2 and Amiri Flight Facilities as part of the Hamad International Airport Expansion Program for the Qatar Company for Airports Operation and Management. As part of the expansion program at Hamad International Airport, AECOM will provide project management and construction management of the new cargo terminal and ancillary supporting buildings that include a veterinary inspection center, central utility plant and infrastructure diversions. Further, a cargo bridging facility will be created to accommodate predicted overflow from Cargo Terminal 1.

"We are excited to support the execution of Qatar Company for Airports Operation and Management's infrastructure expansion plans by developing these important facilities at Hamad International Airport," said Lara Poloni, AECOM's president. "We have a longstanding history in the country and are looking forward to leveraging our significant local knowledge and extensive aviation experience to successfully manage this program."

AECOM will provide the services over a six-year period, with the cargo bridging facility prioritized for operational readiness ahead of the start of the FIFA World Cup Qatar in November 2022.

"We are fully committed to helping achieve the goals of the Hamad International Airport Expansion Project, which will prepare it for future growth and triple the airport's overall cargo capacity," said Hamed Zaghw, AECOM's chief executive for the Middle East & Africa. "The project will enhance the delivery and processing of supplies and important cargo to Qatar, helping to meet the demands of its growing economy while significantly enhancing its global freight operations."
