

## **AECOM extends multi-decade partnership providing program and project management services to the Greater Orlando Aviation Authority**

September 27, 2022

DALLAS--(BUSINESS WIRE)--Sep. 27, 2022-- AECOM (NYSE: ACM), the world's trusted infrastructure consulting firm, announced today it has been awarded a contract by the Greater Orlando Aviation Authority (GOAA) to provide ongoing program and project management services, continuing a decades-long partnership with the Authority. In this role, AECOM expects to support the enhancement of GOAA's assets in line with the agency's primary goals of excellent customer service, fostering economic development through expansion, leveraging federal and state funding, facilitating safety and security, and being fiscally responsible.

"Our comprehensive approach starts with a team of highly experienced program management and transportation professionals who not only know the aviation industry, but have a deep understanding of GOAA operations," said Drew Jeter, chief executive of AECOM's global Program Management business. "Leveraging our *Think and Act Globally* strategy, we're proud to deploy innovations and best practices honed from our extensive aviation experience at cutting-edge facilities around the world and look forward to bringing this expertise to bear at one of the nation's fastest-growing airports."

AECOM's scope is expected to encompass program, project, and construction management, including program controls, development of master program schedules, budget review, funding support, design management, project monitoring, quality assurance, risk management, design scopes, and contract administration.

"We're excited to continue our longstanding partnership with GOAA as it enhances and strengthens critical infrastructure to meet its ever-expanding role as a global aviation hub," said Dan Faust, chief executive of AECOM's U.S. East and Latin America region. "With twenty-five years of hands-on experience delivering successful results for the Authority, our diverse team of skilled professionals is highly equipped to apply its industry-leading expertise to support the cost-effective and timely maintenance, expansion, and renovation of GOAA's world-class facilities."

GOAA manages Orlando International Airport (MCO) and Orlando Executive Airport (ORL). MCO saw more than 50 million passengers in 2019 and is the world's seventh busiest airport by passenger traffic and the second busiest origin and destination market in the U.S. AECOM has been serving GOAA as one of its program managers on MCO's new South Terminal Complex Phase 1 Program and in recent years has managed the completion of the Intermodal Terminal Facility, Automated People Mover, and Parking Garage C.

### **About AECOM**

AECOM (NYSE: ACM), is the world's trusted infrastructure consulting firm, delivering professional services throughout the project lifecycle – from planning, design and engineering to program and construction management. On projects spanning transportation, buildings, water, new energy, and the environment, our public- and private-sector clients trust us to solve their most complex challenges. Our teams are driven by a common purpose to deliver a better world through our unrivaled technical expertise and innovation, a culture of equity, diversity and inclusion, and a commitment to environmental, social and governance priorities. AECOM is a Fortune 500 firm and its Professional Services business had revenue of \$13.3 billion in fiscal year 2021. See how we are delivering sustainable legacies for generations to come at [aecom.com](https://www.aecom.com) and @AECOM.

### **Forward-Looking Statements**

*All statements in this communication other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of the plans, strategies and objectives for future operations, profitability, strategic value creation, coronavirus impacts, risk profile and investment strategies, and any statements regarding future economic conditions or performance, and the expected financial and operational results of AECOM. Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in our forward-looking statements include, but are not limited to, the following: our business is cyclical and vulnerable to economic downturns and client spending reductions; impacts caused by the coronavirus and the related economic instability and market volatility, including the reaction of governments to the coronavirus, including any prolonged period of travel, commercial or other similar restrictions, the delay in commencement, or temporary or permanent halting of construction, infrastructure or other projects, requirements that we remove our employees or personnel from the field for their protection, and delays or reductions in planned initiatives by our governmental or commercial clients or potential clients; losses under fixed-price contracts; limited control over operations run through our joint venture entities; liability for misconduct by our employees or consultants; failure to comply with laws or regulations applicable to our business; maintaining adequate surety and financial capacity; potential high leverage and inability to service our debt and guarantees; ability to continue payment of dividends; exposure to political and economic risks in different countries, including tariffs; currency exchange rate and interest fluctuations; retaining and recruiting key technical and management personnel; legal claims; inadequate insurance coverage; environmental law compliance and inadequate nuclear indemnification; unexpected adjustments and cancellations related to our backlog; partners and third parties who may fail to satisfy their legal obligations; AECOM Capital's real estate development; managing pension cost; cybersecurity issues, IT outages and data privacy; risks associated with the benefits and costs of various dispositions such as the sale of our Management Services, self-perform at-risk civil infrastructure, power construction, and oil and gas construction businesses, including the risk that purchase price adjustments, if any, from those transactions could be unfavorable and any future proceeds owed to us as part of those transactions*

*could be lower than we expect; as well as other additional risks and factors that could cause actual results to differ materially from our forward-looking statements set forth in our reports filed with the Securities and Exchange Commission. Any forward-looking statements are made as of the date hereof. We do not intend, and undertake no obligation, to update any forward-looking statement.*
