

## AECOM selected as Lead Designer for Washington State Department of Transportation's I-405/Brickyard to SR 527 Improvement Project

September 6, 2023 at 6:55 AM EDT

DALLAS--(BUSINESS WIRE)--Sep. 6, 2023-- AECOM (NYSE: ACM), the world's trusted infrastructure consulting firm, today announced it will serve as Lead Designer for the Washington State Department of Transportation (WSDOT)'s I-405/Brickyard to SR 527 Improvement Project, which will be led by Skanska. As part of an integrated design-build team, AECOM will work in partnership with the contractor, Skanska, to deliver this vital project.

"AECOM is honored to leverage our more than 30-year track record supporting WSDOT to build a better-connected, accessible road network in Bothell and its surrounding communities," said Matt Crane, chief executive of AECOM's U.S. West region. "Our local knowledge and extensive experience designing and delivering tolling infrastructure projects make us uniquely positioned to bring this project to life."

The [I-405/Brickyard to SR 527 Improvement Project](#) calls for expansion and renovation along 4.5 miles of the I-405 corridor in Bothell, Washington that extends the dual express toll lane (ETL) system from south of the I-405/SR 522 interchange to the I-405/SR 527 interchange. Additional improvements include new lanes, direct access ramps, interchange improvements, infrastructure in support of Sound Transit's Stride Bus Rapid Transit (BRT) program, and new fish passage culverts within the project vicinity. Once complete, the communities throughout the entire I-405 corridor will benefit from these major improvements of added express toll lane capacity, improved traffic flow, and direct access to state highways and improved multimodal connections to regional transit service.

"Creating thriving, connected communities is core to our mission of delivering a better world," said Mark Southwell, chief executive of AECOM's global Transportation business. "AECOM is proud to play a vital role in building a better-connected road network along one of the most congested routes in the state. We look forward to delivering this project successfully, providing services focused on quality, safety, and efficiency."

### About AECOM

AECOM (NYSE: ACM) is the world's trusted infrastructure consulting firm, delivering professional services throughout the project lifecycle – from advisory, planning, design and engineering to program and construction management. On projects spanning transportation, buildings, water, new energy and the environment, our public- and private-sector clients trust us to solve their most complex challenges. Our teams are driven by a common purpose to deliver a better world through our unrivaled technical and digital expertise, a culture of equity, diversity and inclusion, and a commitment to environmental, social and governance priorities. AECOM is a Fortune 500 firm and its Professional Services business had revenue of \$13.1 billion in fiscal year 2022. ### Forward-Looking Statements

*All statements in this communication other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of the plans, strategies and objectives for future operations, profitability, strategic value creation, risk profile and investment strategies, and any statements regarding future economic conditions or performance, and the expected financial and operational results of AECOM. Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in our forward-looking statements include, but are not limited to, the following: our business is cyclical and vulnerable to economic downturns and client spending reductions; limited control over operations that run through our joint venture entities; liability for misconduct by our employees or consultants; failure to comply with laws or regulations applicable to our business; maintaining adequate surety and financial capacity; potential high leverage and inability to service our debt and guarantees; ability to continue payment of dividends; exposure to political and economic risks in different countries, including tariffs; currency exchange rate and interest fluctuations; retaining and recruiting key technical and management personnel; legal claims; inadequate insurance coverage; environmental law compliance and adequate nuclear indemnification; unexpected adjustments and cancellations related to our backlog; partners and third parties who may fail to satisfy their legal obligations; AECOM Capital real estate development projects; managing pension cost; cybersecurity issues, IT outages and data privacy; risks associated with the expected benefits and costs of the sale of our Management Services and self-perform at-risk civil infrastructure, power construction and oil and gas construction businesses, including the risk that any contingent purchase price adjustments from those transactions could be unfavorable and result in lower aggregate cash proceeds and any future proceeds owed to us under those transactions could be lower than we expect; as well as other additional risks and factors that could cause actual results to differ materially from our forward-looking statements set forth in our reports filed with the Securities and Exchange Commission. Any forward-looking statements are made as of the date hereof. We do not intend, and undertake no obligation, to update any forward-looking statement.*
