

## **AECOM awarded a more than \$80 million environmental remediation contract for Vandenberg Space Force Base in California**

May 27, 2025 at 6:55 AM EDT

DALLAS--(BUSINESS WIRE)--May 27, 2025-- AECOM (NYSE: ACM), the trusted global infrastructure leader, today announced that it has been awarded an Optimized Remediation Contract (ORC) by the U.S. Army Corps of Engineers (USACE) Los Angeles District to provide environmental remediation services at Vandenberg Space Force Base on California's Central Coast. The 10-year, \$81.3-million single award is one of the largest optimized remediation contracts awarded by the USACE Los Angeles District, reinforcing AECOM's position as a trusted partner in delivering mission-critical solutions.

"We are honored to expand our long-standing relationship with the Department of Defense and lead this critical work at Vandenberg Space Force Base," said Frank Sweet, chief executive of AECOM's global Environment business. "Through innovative, sustainable remediation solutions, we're helping to restore natural systems and deliver impactful environmental outcomes that align with our clients' long-term goals."

The contract includes a range of remediation and management activities at 60 sites throughout the base. Additionally, state-of-the-art digital tools will be utilized to enhance data collection, analysis, and reporting, resulting in an optimized approach to site remediation.

"As the sole contractor for this project, our team's deep experience delivering complex environmental solutions across California and for the U.S. Army Corps of Engineers uniquely positions us to support this mission," said Matt Crane, Chief Executive of AECOM's U.S. West Region. "By leveraging the principles of our *Sustainable Legacies* strategy and applying cutting-edge digital innovations, we are accelerating progress toward lasting restoration at Vandenberg Space Force Base."

### **About AECOM**

AECOM (NYSE: ACM) is the global infrastructure leader, committed to delivering a better world. As a trusted professional services firm powered by deep technical abilities, we solve our clients' complex challenges in water, environment, energy, transportation and buildings. Our teams partner with public- and private-sector clients to create innovative, sustainable and resilient solutions throughout the project lifecycle – from advisory, planning, design and engineering to program and construction management. ### **Forward Looking Statements**

All statements in this communication other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of the plans, strategies and objectives for future operations, profitability, strategic value creation, capital allocation strategy including stock repurchases, risk profile and investment strategies, and any statements regarding future economic conditions or performance, and the expected financial and operational results of AECOM. Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in our forward-looking statements include, but are not limited to, the following: our business is cyclical and vulnerable to economic downturns and client spending reductions; potential government shutdowns, changes in administration or other funding directives and circumstances that may cause governmental agencies to modify, curtail or terminate our contracts; losses under fixed-price contracts; limited control over operations that run through our joint venture entities; liability for misconduct by our employees or consultants; changes in government laws, regulations and policies, including failure to comply with laws or regulations applicable to our business; maintaining adequate surety and financial capacity; potential high leverage and inability to service our debt and guarantees; ability to continue payment of dividends; exposure to political and economic risks in different countries, including tariffs and trade policies, geopolitical events, and conflicts; inflation, currency exchange rates and interest rate fluctuations; changes in capital markets and stock market volatility; retaining and recruiting key technical and management personnel; legal claims and litigation; inadequate insurance coverage; environmental law compliance and adequate nuclear indemnification; unexpected adjustments and cancellations related to our backlog; partners and third parties who may fail to satisfy their legal obligations; managing pension costs; AECOM Capital real estate development projects; cybersecurity issues, IT outages and data privacy; risks associated with the benefits and costs of the sale of our Management Services and self-perform at-risk civil infrastructure, power construction and oil and gas businesses, including the risk that any purchase adjustments from those transactions could be unfavorable and result in any future proceeds owed to us as part of the transactions could be lower than we expect; as well as other additional risks and factors that could cause actual results to differ materially from our forward-looking statements set forth in our reports filed with the Securities and Exchange Commission. Any forward-looking statements are made as of the date hereof. We do not intend, and undertake no obligation, to update any forward-looking statement.
