

AECOM selected by New Jersey Turnpike Authority to provide general consulting engineering services

May 13, 2026 at 6:55 AM EDT

DALLAS--(BUSINESS WIRE)--May 13, 2026-- AECOM (NYSE:ACM), the trusted global infrastructure leader, today announced it has been selected by the New Jersey Turnpike Authority (NJTA) to provide general consulting engineering services under a new five-year master services agreement, supporting ongoing capital improvements, system maintenance, operations, and long-term planning efforts related to transportation projects across New Jersey. The scope also includes supplementary services addressing routine and complex tasks under the agency's Long-Range Plan and Strategic Plan.

"With over 75 years of partnership and collaboration, AECOM has a proud history of working closely with the New Jersey Turnpike Authority to advance its vision of providing a safe, reliable, and high-quality transportation experience," said Samuel Donelson, chief executive of AECOM's U.S. East region. "We understand how critical resilient, high-performing infrastructure is to New Jersey's economic vitality, and our teams are proud to help deliver infrastructure that enhances mobility, strengthens communities, and supports long-term economic growth across the region."

AECOM brings extensive experience serving major toll agencies nationwide, including strategic roles as general consulting engineer for multiple state and regional authorities. The Company has supported some of NJTA's largest and most complex programs to date, including the Interchange 6 to 9 Widening Program. AECOM's bench of strong expertise across New Jersey and the surrounding region enables rapid response and scalable support to meet evolving program needs.

"Our selection reflects the strength of our global Transportation business, from the trusted relationships we've built with clients to our ability to bring together integrated planning, engineering, and operational expertise to help advance one of the most critical highway networks in the U.S.," said Russell Jackson, interim chief executive of AECOM's global Transportation business. "Through our innovative solutions and depth of technical experience, we are well positioned to help the Authority improve system performance, enhance reliability, and deliver a better travel experience for the millions of people who depend on New Jersey's transportation infrastructure each year."

The AECOM team will leverage its Program Controls Engine and tailored digital applications to enhance efficiency, transparency and performance across NJTA's portfolio of projects. The Company will also leverage its comprehensive tolling and digital services expertise, including electronic tolling and customer service center systems.

About AECOM

AECOM (NYSE:ACM) is the global infrastructure leader, committed to delivering a better world. Forward-Looking Statements

All statements in this communication other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of the plans, strategies and objectives for future operations, profitability, strategic value creation, capital allocation strategy including stock repurchases, risk profile and investment strategies, and any statements regarding future economic conditions or performance, and the expected financial and operational results of AECOM. Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in our forward-looking statements include, but are not limited to, the following: our business is cyclical and vulnerable to economic downturns and client spending reductions; government shutdowns; changes in administration or other funding directives and circumstances that cause governmental agencies to modify, curtail or terminate our contracts; government contracts are subject to audits and adjustments of contractual terms; long-term government contracts are subject to uncertainties related to government contract appropriations; losses under fixed-price contracts; limited control over operations run through our joint venture entities; liability for misconduct by our employees or consultants; changes in government laws, regulations and policies, including failure to comply with laws or regulations applicable to our business; maintaining adequate surety and financial capacity; potential high leverage and inability to service our debt and guarantees; our capital allocation strategy, including our ability to continue payment of dividends and purchase stock; exposure to political and economic risks in different countries, including tariffs and trade policies, geopolitical events, and conflicts; inflation, currency exchange rates and interest rate fluctuations; changes in capital markets and stock market volatility; retaining and recruiting key technical and management personnel; legal claims and litigation; inadequate insurance coverage; environmental law compliance and inadequate nuclear indemnification; unexpected adjustments and cancellations related to our backlog; partners and third parties who may fail to satisfy their legal obligations; managing pension costs; AECOM Capital real estate development; cybersecurity issues, IT outages and data privacy; risks associated with the benefits and costs of the sale of our Management Services and self-perform at-risk civil infrastructure, power

construction and oil and gas construction businesses, including the risk that any purchase adjustments from those transactions could be unfavorable and any future proceeds owed to us as part of the transactions could be lower than we expect; risks associated with our strategic initiatives, including AI investments and potential acquisitions and divestitures; as well as other additional risks and factors that could cause actual results to differ materially from our forward-looking statements set forth in our reports filed with the Securities and Exchange Commission. Any forward-looking statements are made as of the date hereof. We do not intend, and undertake no obligation, to update any forward-looking statement.
