

AECOM awarded nationwide U.S. Department of Homeland Security contract to support critical infrastructure modernization

June 8, 2026 at 6:55 AM EDT

DALLAS--(BUSINESS WIRE)--Jun. 8, 2026-- AECOM (NYSE: ACM), the trusted global infrastructure leader, today announced it has been selected to continue providing architecture and engineering (A/E) services to the U.S. Department of Homeland Security (DHS) for its critical infrastructure modernization initiatives. Under this contract, AECOM will support mission-critical renovations and upgrades for government facilities across all 50 U.S. states, as well as Puerto Rico, Guam and the U.S. Virgin Islands.

"We are proud to continue our partnership with the DHS and to help modernize critical infrastructure across the United States," said Bane Gaiser, chief executive of AECOM's global Buildings + Places business. "Our integrated team of architects and engineers brings the scale, agility, and deep expertise in specialized government infrastructure required for this complex portfolio. From secure facilities to reliable infrastructure, we are committed to delivering innovative solutions that help protect our nation's security interests in a rapidly changing world."

AECOM's scope includes A/E design, site assessments, studies, facilities planning, alternatives analysis, environmental services, and design-build documentation for a variety of facility types, including waterfront, aviation, residential, and commercial infrastructure. This contract supports all DHS components, including the U.S. Coast Guard's ambitious \$4-billion shoreline infrastructure recapitalization initiative under its Force Design 2028 framework. Projects will serve various DHS agencies, including the U.S. Coast Guard, U.S. Customs and Border Protection, U.S. Secret Service, and the Federal Law Enforcement Training Center.

"This win underscores AECOM's trusted expertise in designing and delivering mission-critical projects that support national security objectives," said Karl Jensen, executive vice president of AECOM's Governments business. "We have served the DHS for the past 10 years under previous iterations of this contract, and we are thrilled to extend our partnership in support of the agency's strategic initiatives."

The contract builds on AECOM's 45-year history supporting DHS component missions and positions the firm to continue delivering high-impact work in alignment with national defense and infrastructure modernization priorities.

About AECOM

AECOM (NYSE: ACM) is the global infrastructure leader, committed to delivering a better world. Forward-Looking Statements

All statements in this communication other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any statements of the plans, strategies and objectives for future operations, profitability, strategic value creation, capital allocation strategy including stock repurchases, risk profile and investment strategies, and any statements regarding future economic conditions or performance, and the expected financial and operational results of AECOM. Although we believe that the expectations reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in our forward-looking statements include, but are not limited to, the following: our business is cyclical and vulnerable to economic downturns and client spending reductions; government shutdowns; changes in administration or other funding directives and circumstances that cause governmental agencies to modify, curtail or terminate our contracts; government contracts are subject to audits and adjustments of contractual terms; long-term government contracts are subject to uncertainties related to government contract appropriations; losses under fixed-price contracts; limited control over operations run through our joint venture entities; liability for misconduct by our employees or consultants; changes in government laws, regulations and policies, including failure to comply with laws or regulations applicable to our business; maintaining adequate surety and financial capacity; potential high leverage and inability to service our debt and guarantees; our capital allocation strategy, including our ability to continue payment of dividends and purchase stock; exposure to political and economic risks in different countries, including tariffs and trade policies, geopolitical events, and conflicts; inflation, currency exchange rates and interest rate fluctuations; changes in capital markets and stock market volatility; retaining and recruiting key technical and management personnel; legal claims and litigation; inadequate insurance coverage; environmental law compliance and inadequate nuclear indemnification; unexpected adjustments and cancellations related to our backlog; partners and third parties who may fail to satisfy their legal obligations; managing pension costs; AECOM Capital real estate development; cybersecurity issues, IT outages and data privacy; risks associated with the benefits and costs of the sale of our Management Services and self-perform at-risk civil infrastructure, power construction and oil and gas construction businesses, including the risk that any purchase adjustments from those transactions could be unfavorable and any future proceeds owed to us as part of the transactions could be lower than we expect; risks associated with our strategic initiatives, including AI investments and potential acquisitions and divestitures; as well as other additional risks and factors that could cause actual results to differ materially from our forward-looking statements set forth in our reports filed with the Securities and Exchange Commission. Any forward-looking

statements are made as of the date hereof. We do not intend, and undertake no obligation, to update any forward-looking statement.
