

AECOM Wins Trinidad and Tobago Highway Project

June 11, 2009 at 7:01 AM EDT

LOS ANGELES--(BUSINESS WIRE)--Jun. 11, 2009-- AECOM Technology Corporation (NYSE: ACM), a leading provider of professional technical and management support services for government and commercial clients around the world, announced today that it has been awarded a contract from the Government of the Republic of Trinidad and Tobago to provide project management services for Phase 1 of the National Highway Network Project, which has an estimated construction value of US\$2.44 billion.

The contract, scheduled for six years, will be negotiated on a yearly basis with revenues to AECOM in the first year being worth in excess of US\$10 million.

This phase of the program will be delivered in six project packages and will entail the oversight of construction of approximately 125 miles (201.5 kilometers) of highways, highway extensions, new freeways and a new causeway.

"AECOM has recently been involved with a number of highway projects as part of the East-West Corridor Expansion on Trinidad, and we are pleased to build on that experience by assisting the Government with this vital National Highway Network Project," said AECOM President and Chief Executive Officer John M. Dionisio.

The contract is AECOM's latest in the Republic of Trinidad and Tobago, where the company has served clients for more than 20 years.
