AECOM announces pricing of US\$1.6 billion in senior unsecured notes maturing during 2022 and 2024

LOS ANGELES (Sept. 17, 2014) — AECOM Technology Corporation (NYSE:ACM), the world's #1-ranked engineering design firm, announced today the pricing of its offering of US\$1.6 billion in aggregate principal amount of its senior notes maturing in 2022 and 2024 (the "senior notes"). The \$800 million of 2022 senior notes and \$800 million of 2024 senior notes will pay interest semiannually at a rate of 5.75% and 5.875%, respectively. The 2022 and 2024 senior notes will mature on Oct. 15, 2022, and Oct. 15, 2024, respectively, unless earlier redeemed in accordance with their terms. AECOM expects to close the sale of the senior notes on or about Oct. 6, 2014, subject to the satisfaction of customary closing conditions.

AECOM intends to use the net proceeds, together with cash on hand and borrowings under its new senior secured credit facilities, to repay certain existing indebtedness and to fund all of the cash consideration of the proposed acquisition of URS Corporation pursuant to the merger agreement dated July 11, 2014.

The senior notes will be issued in a private offering to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and to non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act.

Any offer of the senior notes will be made only by means of a private offering memorandum. The senior notes are not being registered under the Securities Act, or the securities laws of any other jurisdiction, and, unless so registered, may not be offered or sold in the United States without registration or an applicable exemption from registration requirements.
