Safe Harbor

Except for historical information contained herein, this presentation contains "forward-looking statements." All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, financial and business projections, including but not limited to revenue, earnings, operating and free cash flows, stock repurchases; cost savings reduction, profitability; any statements of the plans, strategies and objectives for future operation, profitability, risk profile and investment strategies; any statements regarding future economic conditions or performance; any statements of belief; and any statements of assumptions underlying any of the foregoing. Forward-looking statements may include the words "may," "will," "estimate," "intend," "continue," "believe," "expect" or "anticipate" and other similar words.

Although we believe that the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Our future financial condition and results of operations, as well as any forward-looking statements, are subject to change and to inherent risks and uncertainties, such as those disclosed in this presentation. Important factors that could cause our actual results, performance and achievements, or industry results to differ materially from estimates or projections contained in forward-looking statements include, among others, the following:

- our business is cyclical and vulnerable to economic downturns and client spending reductions;
- dependence on long-term government contracts and uncertainties related to government contract appropriations;
- governmental agencies may modify, curtail or terminate our contracts;
- government contracts are subject to audits and adjustments of contractual terms;
- unexpected government shutdowns and impacts caused by Brexit;
- losses under fixed-price contracts;
- limited control over operations run through our joint venture entities;
- misconduct by our employees or consultants or our failure to comply with laws or regulations applicable to our business;
- maintain adequate surety and financial capacity;
- our leveraged position and ability to service our debt and guarantees;
- exposure to legal, political and economic risks in different countries as well as currency exchange rate fluctuations;
- remaining and recruiting key technical and management personnel;
- legal claims and inadequate insurance coverage;
- environmental law compliance and adequate nuclear indemnification;
- unexpected adjustments and cancellations related to our backlog;
- dependence on partners and third parties who fail to satisfy their obligations;
- AECOM Capital Real Estate development projects;
- managing pension costs and cybersecurity and IT outages; and
- changing client demands, fiscal positions and payments.

Additional factors that could cause actual results to differ materially from our forward-looking statements are set forth in our most recent periodic report (Form 10-K or Form 10-Q) filed and our other filings with the Securities and Exchange Commission. We do not intend, and undertake no obligation, to update any forward-looking statement.

Non-GAAP Measures

This presentation contains financial information calculated other than in accordance with U.S. generally accepted accounting principles ("GAAP"). In particular, the company believes that non-GAAP financial measures such as adjusted EPS, adjusted EBITDA, adjusted operating income, organic revenue, and free cash flow provide a meaningful perspective on its business results as the company utilizes this information to evaluate and manage the business. We use adjusted EBITDA, EPS and operating income to exclude the impact of prior acquisitions and dispositions. We use free cash flow to represent the cash generated after capital expenditures to maintain our business. Our non-GAAP disclosure has limitations as an analytical tool, should not be viewed as a substitute for financial information determined in accordance with GAAP, and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP, nor is it necessarily comparable to non-GAAP performance measures that may be presented by other companies. We present constant currency information to help assess how our underlying businesses performed excluding the effect of foreign currency rate fluctuations. We provide this non-GAAP financial information to aid investors in better understanding our international operational performance. A reconciliation of these non-GAAP measures to the most directly comparable GAAP financial measures is found in the attached appendix and in our earnings release on the Investors section of our Web site at http://investors.aecom.com.

When we provide our long term projections for adjusted EBITDA, adjusted EPS, organic revenue and free cash flow on a forward-looking basis, the closest corresponding GAAP measure and a reconciliation of the differences between the non-GAAP expectation and the corresponding GAAP measure generally is not available without unreasonable effort due to potentially high variability, complexity and low visibility as to items that would be excluded from the GAAP measure in the relevant future period.
Standing directly adjacent to Grand Central Terminal, the 58-story building will include 1.6 million sq. ft. of commercial space.
First Quarter Fiscal 2019 Results

• Strong first quarter results that exceeded expectations on several metrics
  – Delivered 5% organic revenue growth\(^1\), driven by the higher-margin Americas design business and Management Services segment
  – Adjusted EBITDA\(^2\) increased by 16% over the prior year
  – Record wins of $11 billion, up 80% year-over-year
  – Record $59.5 billion backlog, up 22%\(^3\) year-over-year

• Significant progress on strategic actions
  – Completed nearly all of the actions required to achieve our targeted $225 million of annual G&A savings by FY’21
  – Approximately 25% complete with country exit progress, in which we expect exit more than 30 countries
  – No longer pursuing at-risk construction projects in international markets and continuing to review at-risk construction exposure

---

\(^1\) Organic revenue growth is calculated excluding the impact of foreign currency translation, acquisitions, and dispositions.

\(^2\) EBITDA is earnings before interest, taxes, depreciation, and amortization.

\(^3\) Risk-adjusted backlog growth is calculated excluding the impact of foreign currency translation.
Business Trends & Highlights

% of Trailing Twelve Month Segment Adj. Operating Income as of Q1'19

Design & Consulting Services
- Strength across nearly all markets in the Americas: delivered 12% organic growth in the quarter, led by high levels of storm activity work in the Southeastern U.S. and Caribbean, and continued growth in transportation
- Varied trends in international markets: modest growth in the Asia-Pacific region led by Australia, which was offset by a slight decline in the EMEA region due to Brexit-related uncertainty in the U.K.

Management Services
- Accelerating revenue growth: 17% organic revenue growth in the quarter following several years of investments in organic growth opportunities and conversion of substantial backlog position
- Continued business development momentum: $1.4 billion of wins in the quarter (1.3x book-to-burn)

Construction Services
- Substantial wins in Building Construction: record $20 billion backlog provides unprecedented visibility
- Civil and Power businesses performed to expectations: favorable civil market conditions in California support substantial growth opportunities; construction of the Alliant Riverside gas power plant remains on schedule and on budget

AECOM Capital
- Closed on property sale after the quarter closed: generated an approximately 40% IRR and $10 million gain in the second quarter
- Simplifying AECOM Capital: completed spin-out of private infrastructure team into an independent company; focusing growth efforts on real estate opportunities through our third-party joint venture with Canyon Partners
Serving as a dedicated railway station for the Perth Stadium, the project is the second biggest station on the Perth network.
First Quarter Consolidated Performance

• Several key accomplishments underscore confidence in full year guidance, including:
  – Record wins and backlog provide unprecedented visibility
  – Continued positive organic growth\(^1\), driven by our higher-margin DCS and MS segments
  – 16% adjusted EBITDA\(^2\) growth

• Focused on maximizing the profitability of our record backlog

• Executed a total of $210 million of stock repurchases to-date under our $1 billion Board authorized repurchase plan

\begin{align*}

Segment Revenue (% of Total Revenue)

$120m (5.9%)  
Operating Income (Margin)

$126m (6.2%)  
Adj. Operating Income (Margin)$

- Delivered 7% organic revenue growth$\textsuperscript{1}
  - Performance was led by 12% growth in the Americas and modest growth in APAC

- Ninth-consecutive quarter of year-over-year backlog growth in the Americas, providing strong visibility

- Adjusted operating margin$\textsuperscript{2}$ of 6.2% marks a 150 basis point improvement over the prior year
  - Continue to expect full-year operating margin of at least 7% in FY‘19, with further benefits expected in FY‘20 and beyond
Segment Results – Management Services (MS)

$989m (20%)
Segment Revenue (% of Total Revenue)

$51m (5.2%)
Operating Income (Margin)

$61m (6.1%)
Adj. Operating Income (Margin)

- 17% organic revenue growth\(^1\), reflecting the full benefit of recent large wins
- $1.4 billion of wins and 1.3x book-to-burn drove backlog to near record levels
- Adjusted operating margin\(^2\) of 6.1% was consistent with expectations
- Pipeline increased by 20% to $35 billion
- Committed to our long-term 7% target, supported by a favorable mix shift in our pipeline and continued high win rate
Revenue declined by 2%; excluding Power decline, revenue increased by 2%

Continue to expect fifth consecutive year of revenue growth in Building Construction

Adjusted operating margin\(^2\) of 1.5%

Remain confident in our 2% expectation for the year
Cash Generation and Capital Allocation Highlights

- Operating cash flow was ($200) million and free cash flow\(^4\) was ($222) million.
- Partial shutdown of U.S. government and cash costs incurred to execute margin improvement plan negatively impacted cash flow by approximately $200 million.
- Continue to expect full year free cash flow within our $600 to $800 million guidance range.
- Expect to prioritize stock repurchases with available cash flow.

### Industry-Leading Free Cash Flow\(^4\) (FY'15 – FY'18)

- **$2.7B**
Fiscal 2019 Outlook

• Remain upbeat on fiscal 2019 following strong first quarter results

• Reaffirmed guidance on all metrics, including:
  – Continued revenue growth
  – 12% adjusted EBITDA growth at the mid-point
  – $600 - $800 million of free cash flow

• Expect normal seasonality in the second quarter, with adjusted EBITDA to approximate 23-24% of full year guidance
  – Guidance is balanced against ongoing uncertainty with U.S. government clients and potential Brexit-related volatility in the U.K.
FORT RUCKER
United States
Executing a nine-year contract to provide rotary wing flight training instructor support services for the U.S. Army.
Footnotes

1 Year-over-year at constant currency and excludes revenue associated with actual and planned non-core asset and business dispositions from all periods.

2 Excluding acquisition and integration related items, financing charges in interest expense, foreign exchange gains, the amortization of intangible assets, financial impacts associated with expected and actual dispositions of non-core businesses and assets, restructuring costs and the revaluation of deferred taxes and one-time tax repatriation charge associated with U.S. tax reform. If an individual adjustment has no financial impact then the individual adjustment is not reflected in the Regulation G Information tables. See Regulation G Information for a reconciliation of Non-GAAP measures.

3 On a constant-currency basis.

4 Free cash flow is defined as cash flow from operations less capital expenditures net of proceeds from dispositions.

5 Net debt-to-EBITDA is comprised of EBITDA as defined in the Company’s credit agreement, which excludes stock-based compensation, and net debt as defined as total debt on the Company’s financial statements, net of cash and cash equivalents.
AECOM: Built to Deliver a Better World

AECOM is built to deliver a better world. We design, build, finance and operate infrastructure assets for governments, businesses and organizations.

</tr>
</tbody>
</table>

Adjusted EBITDA Excludes:

- **Interest Expense**: $204
- **Interest Income**: ($4)
- **Depreciation**: $150
- **Taxes**: $148

Adjusted EBITDA Guidance: $420 to $465

*Calculated based on the mid-point of AECOM’s fiscal year 2019 EPS guidance.

**The adjusted tax expense differs from the GAAP tax expense based on the deductibility and tax rate applied to each of the adjustments.

Note: the components in this table may not sum to the total due to rounding.
